

**Environmental Protection Agency
American Recovery and Reinvestment Act Funding for
National Clean Diesel Funding Assistance Program**

**Questionnaire Due Date: April 22, 2009
Grant Due Date: April 27, 2009**

Completion of this questionnaire as soon as possible is of utmost importance in securing funds for your organization.

This is a general questionnaire that will be used to develop your grant application for federal assistance. The more information and details you provide, the higher the chances for funding.
